<p>1. On 14 July 1962 <input type="checkbox"/> informed us that the LfV Niedersachsen had decided not to employ LAHR because of his employment by the Gestapo during the NAZI period. Max SCHWARZ <input type="checkbox"/> Chief of the LfV Niedersachsen made this decision on the basis of the present political furor that has resulted from publicity recently given the employment of exNAZIs by various Laender governments as school teachers and the like. Upon hearing of SCHWARZ's decision <input type="checkbox"/> allegedly attempted to see SCHWARZ in an attempt to give LAHR his personal recommendation. Before he could do this, however, <input type="checkbox"/> learned that his recommendation would only be academic since LAHR had patched up his differences with the Chief of the LfV Rheinland Pfalz and would probably remain with that office. <input type="checkbox"/> is apparently ignorant of LAHR's attempt to obtain employment with UPHILL.</p> <p>2. On 20 July 1962 we traveled to Strasbourg with Karl-Heinz ENGELKE to spend the weekend with FIS Liaison Officer Emile PERRIN. PERRIN and ENGELKE advised us that LAHR will remain in Mainz. We were also informed that Heinrich SCHLEICHER, Chief of the LfV Rheinland Pfalz Files and Records Section has been removed from this position for cause. We do not know whether or not his removal is connected with LAHR's recent difficulties. According to PERRIN and ENGELKE, Ernst NICIUS is SCHLEICHER's successor. It had been the Chief of the Rheinland Pfalz's intention to place the G II (CE) department under the Chief of the Files and Records Section which is what caused LAHR to begin hunting for a new job. At this point, apparently this decision has been reconsidered and LAHR will probably remain on with the LfV Rheinland Pfalz.</p> <p style="text-align: center;">/ continued /</p>

3. Re UPHILL's request for KUBARK traces on LAHR; FOB has considerable information of his background as obtained through his dealings with various FOB case officers. All of this information is on his personal history and none of it appears to be derogatory. We question the advisability of passing either this type of information or that contained in paragraphs 1 and 2 to UPHILL whatever the source. We are sure that UPHILL must assume KUBARK is systematically attempting to collect information on the various West German intelligence organizations and their personnel but doubt it would be prudent to provide them with proof of this. In view of LAHR's position in the LfV it would seem to be more proper protocol for UPHILL to obtain the type of information FOB possesses directly from the LfV Rheinland Pfalz or the BfV. We suggest that MLB merely advise UPHILL that LAHR is well known to KUBARK through his position in the LfV but derogatory information on him has not come to our attention.
